

## Join by PC

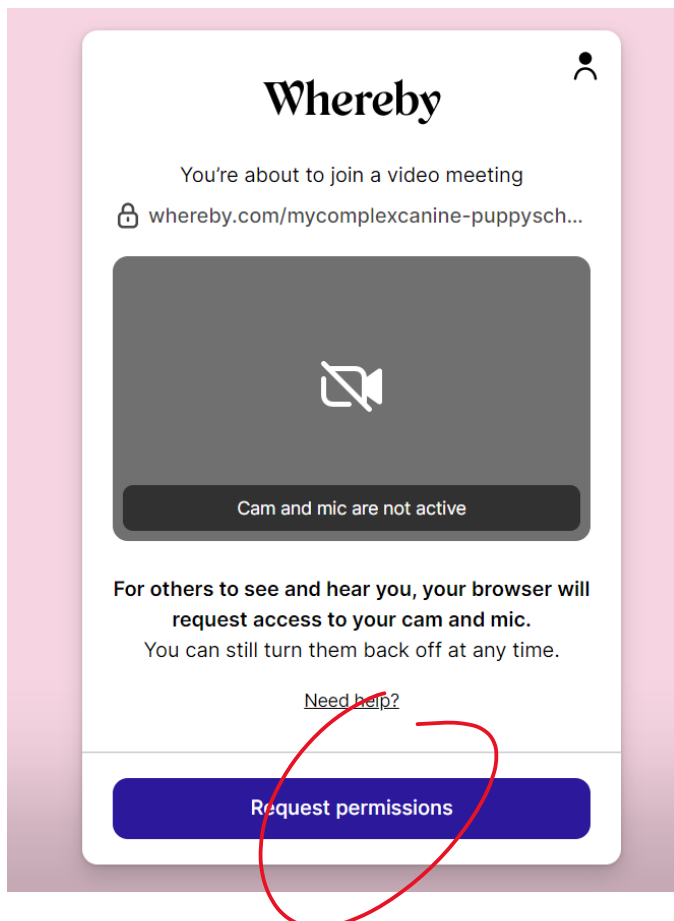

Any PC should use Google Chrome browser as the interface for Whereby.

**Step 1:** Enter name and click continue

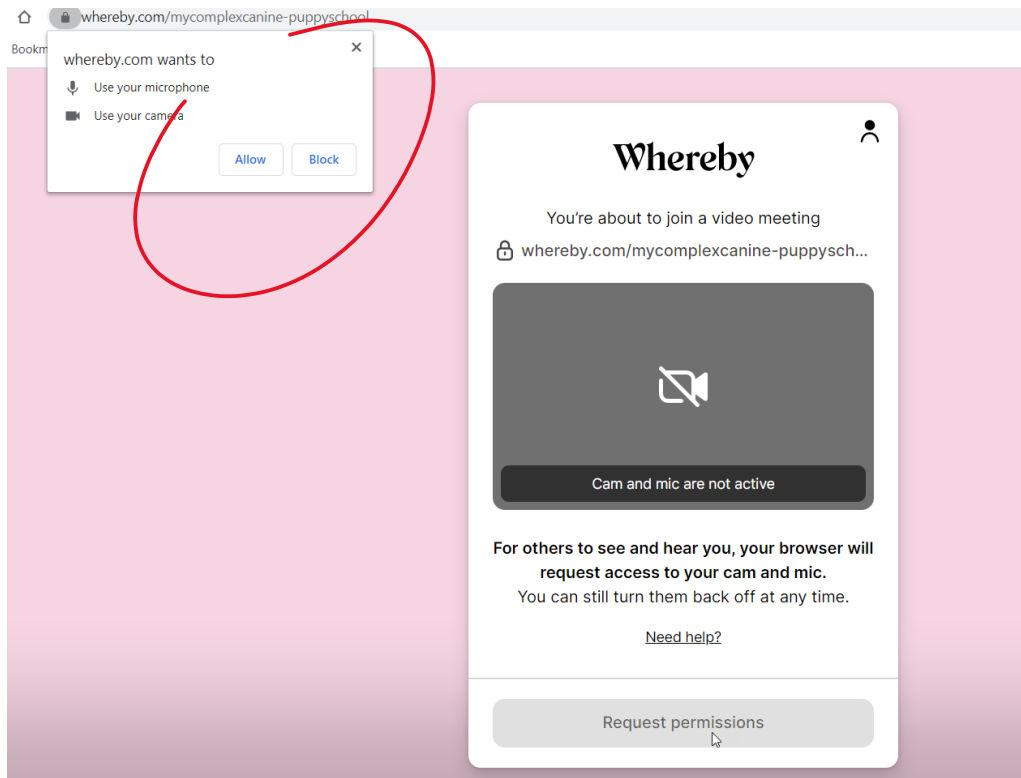

The image shows the Whereby join screen. At the top is the 'Whereby' logo and a user icon. Below it, text says 'You're about to join a video meeting' followed by a URL 'whereby.com/mycomplexcanine-puppysch...'. A label 'Your name' is above a text input field containing the placeholder 'Enter your name'. Below the input field, text says 'By using this service you agree to our' followed by a link 'Terms of Service'. At the bottom is a blue button labeled 'Continue', which is circled in red.

**Step 2 (if needed):** Request permission for your microphone and camera

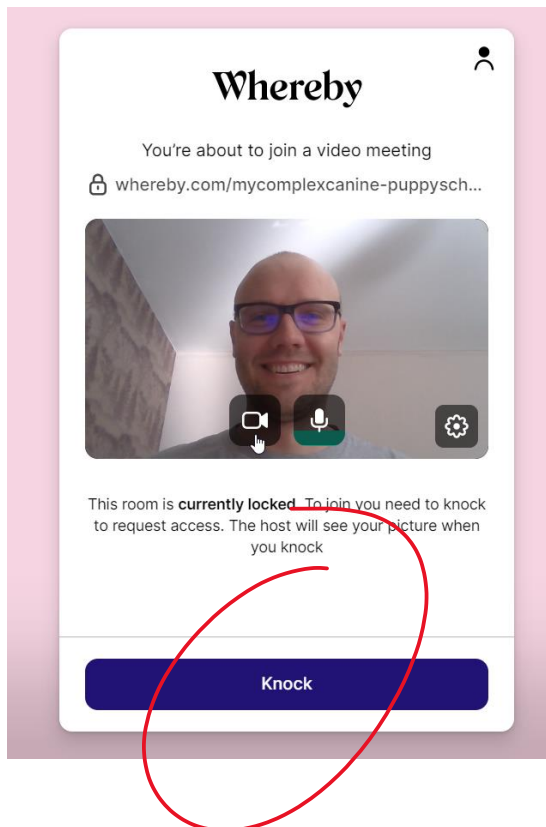

The image shows the Whereby join screen with a camera and microphone icon crossed out. Below the icon, text says 'Cam and mic are not active'. Below this, text says 'For others to see and hear you, your browser will request access to your cam and mic. You can still turn them back off at any time.' Below this text is a link 'Need help?'. At the bottom is a blue button labeled 'Request permissions', which is circled in red.

### Step 3 (if needed): Allow access to Microphone and Camera

### Step 4: Click Knock

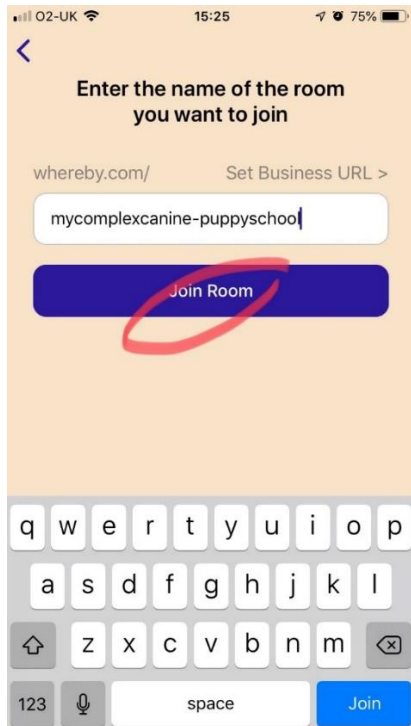

It will then show 'waiting for reply' until I then let you into the meeting room.
